## OUR AMBASSADOR VOLUNTEER FOR DIAS

Katie Everett, a well respected and liked member of our Pastoral Team has recently undergone training with DIAS.

'DIAS' stands for Devon Information Advice and Support for SEND children.

Katie's role includes:

- chatting with you about support groups and services in your area
- showing you where to find good information about SEND, including DIAS information

Katie is contactable on the school number of 01237 475178. She works Tuesday-Friday.

Please be aware that she can't help you with specific issues and problems to do with your child's education or school, or give you support at meetings. For that kind of help you need to contact DIAS directly.

## CAN YOU HELP?

On our school website under SEND, we have a SEN Information Report. By law, specific information must be included. The SEN Information Report is East-the-Water Primary School's 'Local Offer' – that is the provision that our school provides for SEN pupils. It includes sections such as 'What kinds of SEN are provided for at East-the-Water Primary School?' to 'How does the SEND Governor support children and families of children with SEND in the school?'

If you have anything you think should be included that is not there or anything you think requires further detail, please either call the school to speak to me or email the school office with your ideas at [admin@etwschool.org](mailto:admin@etwschool.org). Thank you.

TRAINING

Staff receive regular training, both in house and through external providers to support children with SEND.

Recent Training includes:

- Developmental Language Disorder
- Task Planners
- Adaptive teaching to support neurodivergent pupils
