Statement of intent

At East-the-Water Primary School, we take our responsibility towards the safety of staff, visitors and pupils very seriously. To that end, we use surveillance cameras to monitor any instances of aggression or physical damage to our school and its members.

The purpose of this policy is to manage and regulate the use of the surveillance and CCTV systems at the school and ensure that:

- We comply with data protection legislation, including the Data Protection and the General Data Protection Regulation (GDPR)
- The images that are captured are useable for the purposes we require them for.
- We reassure those persons whose images are being captured, that the images are being handled in accordance with data protection legislation.

This policy covers the use of our surveillance and CCTV system which captures moving and still images of people who could be identified, as well as information relating to individuals for any of the following purposes:

- Observing what an individual is doing
- Taking action to prevent a crime
- Using images of individuals that could affect their privacy

This policy operates in conjunction with the following school policies:

- Freedom of Information Policy
- Unacceptable Behaviour Policy
- Code of Conduct for employees
- GDPR Data Protection Policy

- **Covert surveillance** any use of surveillance which is intentionally not shared with the subjects it is recording. Subjects will not be informed of such surveillance.
