We give higher priority for children where there is an exceptional need to attend this school and not another school. The exceptional need could be for the child or parent.

A child may have very challenging circumstances that require additional support but if that support could also be provided at another school, there would be no exceptional need to attend this school.

We may ask you for further information or seek our own advice to establish whether this is the only school that could meet your child's needs.

If we accept that your child would experience a significant detriment by not being able to attend this school, we will agree that there is an exceptional need to attend this school and your application will be prioritised. However, this does not guarantee that a place will be available.

Where we don't accept that the need is exceptional, your application will be prioritised according to our other oversubscription criteria.

Please note that we wouldn't expect the following circumstances to be exceptional:

- your child may be separated from a friendship group if they went to another school;
- a wish to avoid another child from the current or previous setting;
- child-care arrangements before or after school;
- transport arrangements to or from school;
- a medical condition such as asthma that doesn't require specialised treatment;
- an interest or ability in a particular subject or activity

¹ If you are completing a common application form from another LA without a tick box for exceptional need, you should put a note in the reasons for your preference to say you are requesting exceptional need priority and will provide the required supporting evidence using this Supplementary Information Form.
